

Erratum for

Victor, J.D., and Mast, J. (1991) A new statistic for steady-state evoked potentials. *Electroenceph. Clin. Neurophysiol.* 78, 378-388:

In the legend of Figure 3 and the accompanying text on page 383, the quoted values 0.25, 1.00, and 4.00 refer to  $\sigma^2$ , not  $\sigma$ .

This was pointed out by Dr. R.A. Dobie.
